

## AI Standardization – call for experts

This document provides detailed instructions and criteria for experts interested in applying for a grant under the European Commission's framework. The guidelines a fair selection process for contributing to AI standardization at CEN/CENELEC JTC 21.

### 1. Initial Requirements

Are you a member of a European standardization body (member of CEN/CENELEC)?

☐ Yes

If so, which one ? Are you also participating in existing Working Groups ?

☐ No

Does your organization belong to one of the following categories? (Write Yes in right-hand column if applicable)

University, laboratory, or research center	
SME involved in the field of AI	
Consumer or citizen association	
Organization committed to sustainable development	
Public administration or governmental institution	

Does your organisation support your application and agree to grant you time to participate?

☐ Yes (**please provide a letter of support from your organisation**)

☐ No

---

### 2. Expertise in AI (30 points)

#### Educational Background

Please indicate the highest level of education you achieved:

☐ Bachelor's Degree (5 points)

☐ Master's Degree (10 points)

☐ Doctorate/PhD (15 points)

### **Demonstrated Expertise**

Have you demonstrated expertise in at least one of the following fields? (Explain in a few sentences all that apply, 5 points each, 3 max)

Cybersecurity in AI	
System robustness	
Computer Vision	
Explainability and transparency	
Bias management and fairness	
Data governance	
Sustainable development related to AI	

How long have you worked in the field of AI ?

☐ 1-3 years (5 points)

☐ 3-6 years (10 points)

☐ 6+ years (15 points)

Have you published articles, reports, or studies in any of these areas? (5 points)

☐ Yes

If so, please provide links or references:

☐ No

---

### 3. Experience in Standardization (30 points)

Are you familiar with the regulatory framework of the AI Act? (15 points)

☐ High familiarity : you have in-depth knowledge (at least on specific parts of the AIA) and have actively worked with the AI Act in professional contexts. **Please explain using a few sentences your professional link to the AI Act:**

☐ Moderate familiarity: you have a good understanding of the AI Act and its implications but have not directly applied it in your work.

☐ Limited familiarity: you are aware of the AI Act but have minimal or no direct experience with it.

Are you familiar with the process of developing standards within CEN or ISO? (15 points)

☐ Yes, **please provide examples :**

☐ No

### 4. Availability (20 points)

How much time can you dedicate each month to AI standardisation? (10 points)

☐ Less than 5 hours

☐ Between 5 and 10 hours

☐ 10 hours or more

Are you available to actively participate in monthly meetings? (10 points)

☐ Yes, online

☐ Yes, online and in person

☐ No

### 5. Consensus-Building Skills (20 points)

Describe a situation where you successfully handled consensus-building among diverse stakeholders (~400 words).

- Scoring will assess:

- Clarity and relevance of the example provided (10 points).
- Demonstrated skills in resolving conflicts and fostering consensus (10 points).

---

### Scoring Criteria

Category	Maximum Score	Score Obtained
Initial Requirements	Yes/No	
Expertise in AI	50	
Experience in Standardization	30	
Availability	20	
Consensus-Building Skills	20	
<b>TOTAL</b>	<b>120</b>	
<b>Eligibility Threshold</b>	<b>80/120</b>	

---

### Required Documents

To complete your application, please attach the following:

- Curriculum Vitae (CV)
- Letter of support from your organization
- Publications (if applicable)
- Letters of recommendation (if applicable)

---

### Evaluation Process

Applications will be reviewed by a panel from AFNOR, European Commission, and DS

### Timeline

- **Application Deadline:** March 27, 2025
- **Evaluation Period:** TBD
- **Notification of Results:** TBD
